Dr. Kerwin to Visit Alumni and Friends in New York, Chicago, and Boston

The American University Alumni Board cordially invites all members of the AU Community to receptions with Interim President Neil Kerwin, SPA/BA '71, in the following cities: New York City on Thursday, March 2; Chicago on Thursday, March 30; and Boston on Wednesday, April 19. Focus on Campaign Priorities: Facilities

The demand for learning on modern, well-equipped campuses has never been greater – and for good reason. A university campus reflects the seamless integration of space and ideas, and the environment we create is one that ultimately shapes imagination, stimulates dialogue, and builds community. Through AnewAU, we will build several new, inspiring structures and revitalize those in need.

New Development Leader Named

Abbey Silberman has been promoted to senior director of development by AU Interim President Neil Kerwin, effective January 3, 2006. Since August 2004, she has served as the director of prospect research and stewardship at AU. Silberman oversees the Office of Development now that the division's vice president, Al Checchio, has left AU for a position at Fordham University in New York. "I am honored to help steward AnewAU toward successful completion of its financial and programmatic goals," says Silberman.

She plans to focus on three major tasks: to support Dr. Kerwin as he travels the country and reaches out to alumni and friends of the university; to oversee a formal mid-campaign assessment of AnewAU plans; and to take over the day-to-day management responsibilities for development and alumni programs.

Silberman is considered a national expert in prospect research, having written more than 50 articles and presentations in the last decade. She came to the university with more than 15 years of development experience. For the last eight years prior to joining AU, she owned her own consulting firm and served as a senior consultant with nationally respected consulting firm Marts & Lundy. Silberman will lead the development office until a search for a new vice president concludes.

Dear Mike:

This will serve as a follow up to our conversation of today.

Travelers Property Casualty Company of America is the general liability insurance carrier for American University. The policy number is GJ630 -9554B194 and the effective dates are 5-1-07 to 5-1-08. The personal injury liability limits are 1 million per occurrence.

I am in the process of investigating your clients' claims for damages. It appears that the Alumni Newsletter was published on or after May 1st, 2007. I will need to confirm this, as May 1st, 2007 is noted as the date of the occurrence. We will also review the coverage for American University and will determine whether our insured will be afforded a defense and indemnification for these claims.

In the interim, I would ask that you forward any documentation, statements, affidavits or any other evidence.

If you have any questions, feel free to contact me at 631-577-7504.

Very truly yours,
